## ISN MISSION:

Advancing the diagnosis, treatment  
and prevention of kidney diseases  
**in the developing and developed world**

**Achieving the ISN Mission through  
PARTNERSHIP**

# ISN

## ISN PARTNERS

ISN has 73 affiliated societies

National, regional, international nephrology societies

# The Declaration of Istanbul

Against

Organ Trafficking and Transplant Tourism

# RENAL DISASTER RELIEF TASK FORCE

reverse

# Saving Young Lives

# SYL Overview

---

## Vision

- To prevent deaths from AKI in adults and children in the developing world

## Mission

- To develop sustainable programs to provide treatment for AKI including acute peritoneal dialysis using well-trained providers and optimal standards of care

# ***“Zero by 25”***

No one should die of  
untreated acute kidney failure  
in low-resource regions  
by 2025

**ISN**

**ADVOCACY, PUBLIC POLICY**

A stylized graphic of a kidney, composed of thick black outlines. A blue horizontal bar with a dotted pattern on its left end crosses the upper part of the kidney. A yellow vertical bar with a dotted pattern on its bottom end crosses the lower part. A red horizontal bar with a dotted pattern on its right end crosses the middle of the kidney.

# World Kidney Day™

# **ADVOCACY, PUBLIC POLICY**

**ISN is**

**in 'official relations' with**

**WORLD HEALTH ORGANISATION**

**January 2012**

## **ISN IS IN 'OFFICIAL RELATIONS' WITH WORLD HEALTH ORGANISATION**

This follows some years of ISN working increasingly closely with WHO  
.... and will increase the influence of the voice for kidney disease

- At the WHO World Health Assembly
- Through joint projects with WHO
